OUR STORY, OUR HISTORY

Sometimes a product can remain virtually unchanged for hundreds of years, until a flash of inspiration leads to a revolutionary innovation that changes an industry forever.

This is the story of one such moment.

Drew McGill and Stan Wright owned the Wright & McGill Co. in Denver, Colorado. Their company was known for tying high-grade fishing flies, a passion of Drew's. On this fateful day in the 1920's, Drew took a break while fly fishing the Colorado River.

While the rainbows and native trout were rising, they were proving exceedingly difficult to hook. Lighting his pipe and reflecting on ways he could improve his technique, Drew's attention was drawn to one large eagle circling lazily overhead. As the bird landed atop a nearby dead cottonwood, Drew noticed how the tips of the bird's talons lightly gripped the weathered, stripped limb.

Suddenly Drew had an idea: what if his hooks were shaped like an eagle's talon?

Using a pair of fishing pliers, he slightly curved the point of his hook, giving it the angle needed to penetrate the leather of his fishing creel. He spent the rest of the day testing different shapes and sizes until an afternoon thunderstorm drove him from the river.

Drew returned to his fly factory in Denver and immediately started refining his design. He envisioned a hook that would exert greater penetrating power in the direct line of pull of the leader. It wasn't long before he created his masterpiece, a hook that would change the way people fished forever, with sweeping curves and sharper points, forged for strength and greater hooking power.

What else could Drew and Stan call it but Eagle Claw?

Today, the Eagle Claw family of brands is the most recognized in all of fishing. We still make our world-famous hooks in Denver, and are proud to be the only brand made in the United States.

INLINE CIRCLE BAITHOLDER STRIPER SNELL

Eagle Claw Striped Bass Inline Circle Baitholder Snells are tied with American-made inline circle hooks. Snelled with 18" or 36" of premium monofilament featuring an extra-strong, easy-to rig loop. The Eagle Claw Inline Circle Baitholder hooks are made from medium, gold-plated or platinum black wire.

See page 63 for details

INLINE CIRCLE STRIPED BASS RIGS

Lazer Sharp Striped Bass rigs offer anglers premium components in convenient rigs so anglers can spend more time fishing and less time prepping.

As catch and release becomes more popular among anglers today, gentle fish handling is becoming increasingly important. Studies have shown as high as 48% mortality rate on released fish hooked deep in the throat. Inline circle hooks have been proven to reduce fatal injuries decreasing the mortality rate by hooking the fish in the corner of the mouth. Lazer Sharp Striped Bass Inline Circle Rigs are tied with 100% regulation approved American-made fish hooks, offering the angler peace of mind in efforts to conserve their fisheries. These rigs are offered in a variety of styles and hook sizes, to accommodate different styles of fishing and different sizes and styles of bait.

EAGLE CLAW

MT. ELBERT

The MT. Elbert fly series, new from Eagle Claw® in 2022, offers great quality fly fishing gear at competitive pricing. The combos in the series have the added benefit of including everything an angler might need to start fishing immediately including: reels rigged with fly line, backing and leader, assorted flies, tools, and rod case.

Building on the fly fishing options from Eagle Claw, the MT. Elbert series continues the naming convention started by the high-end Sawatch Fly series released in 2020, of basing rod names on iconic Colorado mountain ranges and peaks. The names harken back to the storied history and roots of Eagle Claw itself, which began on the banks of a Colorado stream in 1925.

EAGLE CLAW TROKAR®

TROKAR POINT

Inspired by surgical instruments, Trokar's unique triple sided hook point ensures faster, deeper hook penetration that requires half the pressure of the competition for hookset. Manufactured using cold forged, high-carbon, American-Made steel, Trokar hooks are elite grade—offering better durability and stronger holds.

CIRCLE HOOK RIGS

Lazer Sharp's new Striped Bass and Shark Inline Circle Rigs feature 100% new regulation compliant, American Made inline circle hooks. As catch and release becomes more popular among anglers today, gentle fish handling is becoming increasingly important.

Studies have shown as high as 48% mortality rate on released fish. Inline circle hooks have been proven

to reduce fatal injuries decreasing the mortality rate by hooking the fish in the corner of the mouth in the majority of hook sets.

The Lazer Sharp Striped Bass Inline Circle Rigs are tied with 100% regulation approved American made fish hooks, offering the angler peace of mind in efforts to conserve their fisheries. A variety of rigs are available.

SWIMBAIT HEAD JIG

NEW

PROP65

The Lazer Sharp Swimbait heads are poured on multiple angles to match swimbaits to appropriate sized jig heads. American-Made Lazer Sharp hooks, and a design that allows the swibaits to run true while keeping a natural bait profile, makes these a great option for any angler.

- 3/0, 4/0, 5/0
- 1/8 oz., 1/4 oz., 3/8 oz., 1/2 oz.

The MT. Elbert fly series, new from Eagle Claw® in 2022, offers great quality fly fishing gear at competitive pricing. The combos in the series have the added benefit of including everything an angler might need to start fishing immediately including: reels rigged with fly line, backing and leader, assorted flies, tools, and rod case.

Building on the fly fishing options from Eagle Claw®, the MT. Elbert series continues the naming convention started by the high-end Sawatch Fly series released in 2020, of basing rod names on iconic Colorado mountain ranges and peaks. The names harken back to the storied history and roots of Eagle Claw itself, which began on the banks of a Colorado stream in 1925.
